The screenshot displays a Node-RED interface for a 'Pump controller'. The top section shows a form with 'Date' and 'Time' fields, both set to '20/11/2001' and '2:00 Am' respectively. Below the form are 'SUBMIT' and 'CANCEL' buttons. The main workspace shows a flow with a 'form' node connected to a 'pump' node and a 'msg.payload' node. The right sidebar shows the message log with a timestamp '7/18/2021, 10:40:19 PM' and a node ID '1e247e69.1598d2'. The message payload is an object: `{ Date: "20/11/2001", Time: "2:00 Am" }`. The bottom panel shows the 'pump' node configuration with a 'Create Document' button and a JSON payload editor. The JSON payload is:
